Instructions for submitting images:

1. Review your favorite photos from your recent JSP Photo Shoot and find a face or faces that will look wonderful cropped tightly.
2. If no JSP photos are available, please submit *more than one* of your own photos that you would like to see made into a charm. JSP will assist you in making a selection that will work best for the charm shape and jewelry piece you are interested in. Please deliver your original prints in person or by mail.
3. Please include your name, address and telephone number written on a sticky note, or on a paper with scotch tape, applied to the back of your photos. (Writing directly on the image may damage the quality of the print). Please also be sure and use a protective cardboard in the envelope.
4. Any print you submit must be non-copyrighted.
5. Your original prints must be no larger than 5 x 7 in size. Please do not send negatives or photos that are irreplaceable.
6. We will crop all images tightly around the face unless otherwise specified.
7. Charms can be made in color, sepia or black & white. Because of the chemistry associated with the silver and resin, the final color and tones of your charm may vary slightly from that of your original photograph. Black & white charms will have a slight sepia cast, unless otherwise specified (we find this gives a richer look and goes beautifully with the sterling silver coloring).
8. The quality of the face(s) in the prints you submit should be sharp and clear. Photos with open and bright eyes will reproduce best.
9. Please download this order form to fill out, and send via fax or mail, along with your check or credit card information.
10. All orders must be pre-paid. Please pay by credit card or checks made out to "Julie Scott Photography"
11. Delivery is approximately 2-4 weeks from order; your original photos will be returned.
12. Price consideration will be made for quantity orders.
